

Study STEM at SCAD

Students from around the world* find the perfect program to match their interests — including science, technology, engineering, and math. Of its 40+ majors, SCAD offers 28 unique programs that qualify for the Department of Homeland Security’s STEM designated Degree Program List. Graduates go onto work for major companies, including Meta, Pixar, Instagram, Netflix, and more.

Learn more at scad.edu/stem.

* Eligible F-1 students may obtain Optional Practical Training work authorization for 12 months the completion of a SCAD degree and an additional 24 months for after completing a STEM degree.
