DESIGN YOUR DEGREE

Enjoy the flexibility of designing a degree that combines all your interests, including opportunities to study overseas, collaborate with organisations and undertake advanced units of study.
Below is an indicative degree structure for combined liberal and specialist degree pathways.*

What can I study?

Shared pool of majors and minors
Design a degree that allows you to combine your interests from more than 100 study areas. You can build interdisciplinary expertise from a wide range of study areas outside your primary degree.
See page 5 for a list of the majors and minors.

Year 1

Semester	Units of study			
1	Major 1	Core/elective	Core/elective	Minor/Major 2
2	Major 1	Core/elective	Core/elective	Minor/Major 2

Can I study overseas?

Global opportunities
Semester or year-long exchanges and short-term summer and winter placements can be taken throughout Years 2 and 3 of your degree.

Open Learning Environment (OLE)
Through online tutorials and masterclasses, these short, on-demand units offer you the opportunity to broaden your skills and boost your personal and professional development.*

Year 2

Semester	Units of study			
1	Major 1	OLE	Elective	Minor/Major 2
2	Major 1	OLE	Elective/Major 2	Minor/Major 2

What real-world experiences will I have?

Interdisciplinary projects
Enhance your knowledge through an embedded third-year project within each of your majors.
You can further extend your learning and collaborate with businesses, community and government organisations through elective interdisciplinary project units that address real-world issues.
Industry partners include Adobe, Bain and Company, Deloitte, KPMG and Thales.

Year 3

Semester	Units of study			
1	Major 1	Major 1	Elective	Minor/Major 2
2	Major 1	Major 1	Elective/Major 2	Minor/Major 2

How can I supercharge my degree?

Advanced coursework + major project (combined Bachelor of Advanced Studies only**)
Challenge yourself through advanced units of study and work across disciplines as you complete a substantial community, entrepreneurship, industry or research project, or undertake an honours year.

Year 4

Semester	Units of study
1	Advanced coursework including a research, community, industry or entrepreneurship project or honours advanced coursework and honours project
2	

How to form a major

- Major = 8 subjects (48 credits)
- Minor = 6 subjects (36 credits)

- Core will be different for each degree
    - B Arts only has 1 core subject
    - B Commerce has 4 core subjects
    - B Science has 4 core subjects

- OLE – Open Learning Environment
    - Economics of the Everyday
    - How we make decisions
    - Presentation Skills: Speaking in Class
